Email	kiranbala1702@gmail.com
Contact No.	9082673072

## Educational Qualification

---

Year	Education
2013	Passed 10 <sup>th</sup> (Matric) from C.B.S.E. Board in the year 2013 from Kendriya Vidyalaya No.1, Vasco-Da-Gama, Goa.
2015	Passed 12 <sup>th</sup> (Physics, Chemistry, Mathematics and Biology) from C.B.S.E Board in the year 2015 from Kendriya Vidyalaya No.1, Vasco-Da-Gama, Goa.
2022	Passed B.V.Sc. & A.H. from Rajiv Gandhi Institute of Veterinary Education and Research (River), Puducherry (affiliated to Pondicherry University).
2025	Passed M.V.Sc in the subject of Veterinary Biochemistry in College of Veterinary and Animal Sciences-Parbhani (COVAS-PARBHANI), affiliated to Maharashtra Animal and Fisheries Sciences University (MAFSU).

## Experience

---

### **Intern**

Prepare the exam room & set up instruments and equipment according to the protocol. Documented patient medical histories, complaints, and all patient-related communications. Assisted with health examination, procedure, and treatments. Interned at numerous places such as PK-KVK-Puducherry, Ponlait Pvt. Ltd., Wildlife department-Puducherry and Animal Husbandry Department – Puducherry. Got hands-on-experience on many things during this tenure.

### **Veterinarian at Animal Healthcare**

Work in rapid care clinics to triage patients, take vital signs, and assist with all areas of patient care.

Helping patients with their daily needs, which resulted in 80% positive feedback in patient surveys.

Passion for Animal Health: A genuine interest in improving animal health and welfare is essential for motivation and dedication to the field

### **Post-Graduate studies**

Sound knowledge of Veterinary Biochemistry.

Possess a good academic record in all the semesters.

Extensively performed with Veterinary Lab diagnostics and Clinical Biochemistry.

Excellent presentation and communication skills.

Research Experience: Hands-on experience in laboratory research, including biochemical analysis and experiments...

Analytical Skills: The ability to analyse complex data and conduct detailed biochemical analyses

Attention to Detail: Precision and accuracy are vital in conducting experiments and interpreting results.

Problem-Solving Skills: The ability to troubleshoot experiments and find solutions to biochemical problems is important.

Communication Skills: Clear communication is necessary to explain research findings, write scientific papers, and collaborate with other scientists

Technical Skills Development

Data Analysis and Interpretation

Scientific Writing and Communication

Collaboration and Teamwork

Problem-Solving

Ethical Conduct

Hands-on-experience on working in common laboratory techniques such as:

Spectrophotometry, Centrifugation, Chromatography -Types: Liquid Chromatography (LC),

Thin Layer Chromatography (TLC), High-Performance Liquid Chromatography (HPLC),

Polymerase Chain Reaction (PCR), Electrophoresis - Types: Agarose gel electrophoresis,

Polyacrylamide gel electrophoresis (SDS-PAGE), Enzyme-Linked Immunosorbent Assay

(ELISA), Light microscopy, ABST, Cell culturing etc.

### **Achievements**

Attended 19 SSB Prayagraj (Allahabad) for SSC-RVC(W)-2025 from 25.07.2025 to 29.07.2025

### **Certification**

I, the undersigned certify that to the best of my knowledge and belief, the resume correctly describes my qualification and myself.
