CAREER OBJECTIVE

A dedicated and compassionate veterinary doctor with a strong foundation in the medical care, diagnosis, and treatment of both domestic and companion animals, as well as experience in wildlife health and conservation. Committed to delivering ethical, evidence-based clinical services while contributing to animal welfare, rehabilitation, and species preservation. Eager to apply my clinical expertise, diagnostic proficiency, and surgical skills in a well-structured and reputed institution that values collaborative practice and holistic veterinary care.

EDUCATION

College of Veterinary Science and Animal Husbandry, Kamdhenu University, B.V.Sc & A.H. with OGPA 7.755.

College of Veterinary Science and Animal Husbandry, Kamdhenu University, M.V.Sc. (Veterinary Medicine) with OGPA 7.97.

TECHNICAL SKILLS

Proficient in diagnosing and managing a wide range of diseases in domestic & wild animals using evidence-based veterinary medicine.

Experienced in intensive care management, fluid therapy, and critical case stabilization and knowledgeable in zoonotic disease control, epidemiological investigations, and herd health programs.

Competent in clinical research, case study documentation, academic writing and familiar with veterinary hospital management systems

Strong interpersonal and communication skills for client counseling, team collaboration, and extension activities
